Notice no. DCE/SIH_25/01   **Date: 26/08/2025**

Smart India Hackathon – 2025 - Software & Hardware Edition

Notice: Information and Team Details Submission

Dear Students,

It is a pleasure to inform you that Smart India Hackathon (SIH) 2025 has been announced. It is a nationwide initiative to provide students with a platform to solve some of the pressing problems we face in our daily lives, and thus inculcate a culture of product innovation and a mindset of problem-solving.

Since its inception, SIH has been a flagship event in promoting innovation and out-of-the box thinking among students, especially engineering students from across India. Teams from our institute have successfully participated in previous editions of SIH, gaining valuable exposure and recognition.

This year also, SIH 2025 offers students the opportunity to work on real-life challenges faced by various Ministries, Departments, Industries, PSUs, and NGOs to create innovative solutions that benefit society. By participating, students will get exposure to the private sector and contribute to solving issues of national importance.

SIH 2025 Website Link: https://www.sih.gov.in/

According to the SIH 2025 process flow, team selection for idea submission will be done through the Internal Hackathon (In-Campus) organized by the institute. Teams selected through this Hackathon will be able to submit solution ideas in SIH 2025 under both Software and Hardware editions. Following is the Google form link which must be submitted by the Team Leader on or before 3rd September 2025.

Google Form Link to Team Details Submission: https://forms.gle/zTdv3iaa7iRUfH39A

Team Formation Rules (as per SIH 2025 Guidelines):

Each team must have exactly **6 members**, including the **Team Leader**, with **at least one female member.**

1. All team members must be from the same institute. (No inter-college teams are allowed).
2. A team must have a unique name.
3. All members must have a valid Gmail ID and working phone number.
4. Team members can be from any branch and semester.
5. For Hardware Edition, interdisciplinary teams are encouraged (ME, EEE, CE, CSE, etc.).
6. Each team must nominate a Team Leader for all communications.

Internal Hackathon will tentatively be conducted in 2nd /3rd week of September 2025.
All the best!

Ankit Kumar (Asst. Prof., ME)
(SPoC and Coordinator, Hackathon)
